IT I tessuti rivestiti Spradling sono concepiti, testati e certificati per resistere alle condizioni più avverse in ambienti nautici. Caratteristiche come trattamento antimacchia, impermeabilità, resistenza UV e resistenza alle muffe e alle screpolature dovute al freddo garantiscono la soddisfazione di tutti i requisiti del settore.

EN Spradling coated fabrics are engineered, tested and certified to resist the toughest conditions in marine environments. Anti-stain treatment, impermeability, UV-resistance, Cold Crack and Mildew resistance ensure that all requirements of the sector are met.
